### **MISSION: Cloak & Dagger**

#### **Part 1 Instructions to Teams**

Successful completion of this mission is worth **5000 points**.

You have one piece of a puzzle (Facilitator, you'll put this in their hunt collection bags). You must retrieve all pieces.

There are 3 options for you, as facilitator to choose from here:

1. Set up an undercover operative for them to meet up with to retrieve the rest of the puzzle pieces.
2. Set up a mid-hunt meet and have them bribe or entertain you for the rest of the pieces.
3. Set up a mid-hunt meet and give them a brainteaser to solve in exchange for the rest of the pieces.

#### **Part 2 Instructions to Teams**

Congratulations on your success in obtaining part 2 of this Mission.

Now on to the next phase of Mission Cloak and Dagger.

**INSTRUCTIONS:**

1. Tape the puzzle together.
2. Decipher the secret codes.\*

**\*Ask yourself "who can help?"**

We've included a decipher key with this game to assist them with decoding the secret messages. You can either give it to them with the puzzle pieces or wait to see if they ask you for help (then give them the key in exchange for a bribe of course - gotta keep it fun for you too!)

Partial coded puzzle:

⑧ 7.18.1.14.4.20.8.5.6.20.1.21.20.15.19.1.14.1.14.4.18.5.1.19

Hints: backwards, word scrambles, you need a decoder, movie title, sometimes what you see is what you get.

**KIDS' VERSION:** We also include a kid's version of this coded puzzle that leads to a treasure of some sort:

**NOTICE THE RED ARROW ON THE PUZZLE:** THIS LEADS TO THE FINAL PIECE OF THE PUZZLE: On the back of the puzzle you'll need to add in a specific yet cryptic clue that will reveal the identity of the person who will be holding a "key" to the treasure - this person could be a neighbor, a local shop keeper, etc. and make up some sort of cryptic clue to his/her identity or location.

ONCE YOU'VE ADDED THE CLUE TO HAGRID, PRINT and THEN CUT INTO 4 PUZZLE PIECES.

Reminder: We've included a decipher key with this game to assist them with decoding the secret messages.
